Dear Tom:

I hope you got my message about the proposed initiation of the three men of your Chapter that did not get initiated last Spring. I awaited your call Friday evening but somehow it seems I missed you.

The situation is as follows: we are having a special initiation at my home - 31 Chesterfield Road, Stamford, Connecticut - at 8 P.M. sharp, Friday, November 16th, for Professor Ramon Sugranyes de Franch, International President of PAX ROMANA, International Catholic Movement for Intellectual and Cultural Affairs.

Bill Grogan, our National President, and other members will be present for the initiation. It would be an ideal time to initiate your three men so that you do not have to put on a special ceremony for them at Seton Hall.

I am dictating this from the airport in New York; back from Montreal enroute to Ohio. Will return East Wednesday afternoon. Please drop me a note saying definitely whether you wish your three men initiated on Friday evening. Try to call me at my home - DA 3-2480 - after 8 P.M. Thursday evening.

With every best wish,

Fraternally,

Dear Phi Kappa Theta Parent,

It was with pleasure that we enrolled your son as a pledge in Phi Kappa Theta Fraternity. As a parent we know you are interested in this step in your son's college career, so we wish to tell you something of our Fraternity and let you know we shall do all that we can from the National level to make your son's lifelong affiliation with Phi Kappa Theta pleasant and worth while.

We believe there is a great deal of potential in the national college fraternity system. It is undoubtedly one of the great influences on a college man's life; and, with proper orientation, we believe this influence can be positive, wholesome and of enormous personal benefit to the individual. In few other ways at college can a young man develop initiative, resourcefulness and self-confidence as effectively as through active participation in the operation of his fraternity chapter.

To establish a highly personal, cooperative association of young men without basing the ideals and standards of the group on firm Christian principles could leave the way open to the development of popular student agnosticism and loose moral standards. The ideals of Phi Kappa Theta, founded in 1889, are Catholic. Members have traditionally been of that Faith. At each chapter there are a faculty adviser and a priest-chaplain who are available to assist the members with personal problems as well as guide the overall progress of the chapter. (We will be glad to supply their names if requested.) The National Officers visit the chapters periodically, and also assist with any difficulties.

Scholarship is of mutual concern to all of us. Every effort possible is made to encourage good scholarship in the Fraternity. Within many chapters grades are posted, study hours established, special classes held by upperclassmen, and individual competition established for excellence and improvement. A national regulation prohibits those with scholastic difficulties from over-extending themselves by accepting election to certain offices. If a chapter does not help the individual in performing his college work, then that chapter is not doing the job it should, and the National Fraternity will apply every pressure possible to correct the situation.

As an organization, we wish to do everything we can to be helpful. Your suggestions and comments will always be appreciated.

Sincerely yours,

Dear Lance,

The Catholic Activities Committee has been appointed and will meet in New York City on January 22nd to discuss in detail the policy of the Fraternity relative to the pledging of non-Catholics.

Knowing of the interest of your chapter in this area I have appointed your President, David W. Pearsall, to this Committee.

I think as a result of the discussion in New York we may arrive at a much clearer interpretation than might be possible at this time through the mail. If you can wait until after this meeting I think we will be in a better position to explain this clause more clearly.

Dear Mr. Gasque

As you have already been informed, I have decided not to pledge for Phi Beta Sigma Fraternity. The decision was not an easy one to make, but there were several facts, which determined my final decision.

The most important reason for not pledging is the fact that there is a strong possibility of my transferring to another school for the Fall semester of this year. My primary choice for the transfer does not have a Phi Kappa Theta Chapter, and even if it did have a chapter, I would have no way of ascertaining whether it measured up to the quality of the South Orange chapter.

I regret the inconvenience, I caused the fraternity by not informing them of my decision sooner, but I did not decide until virtually the eleventh hour.

During my brief association with Phi Beta Sigma and its members I was very impressed with the worthiness of the organization as a body, as well as its individual members. If I return to Seton Hall in the Fall, I would feel privileged to pledge your fraternity, if I am still acceptable to its brothers.

Thank you for considering me for membership.

Gentlemen:

Thank you for your invitation to appear before the Board of Review. Unfortunately at this time I am unable to pledge.

The reason for my resignation is purely academic. I do not think that I would be of benefit to either myself or the fraternity.

As a member of the Pershing Rifle Drill Team I will be forced to spend a great time in man-hours with this activity.

I am interested in pledging to Phi Beta Sigma and consider it an honor to have received an invitation. I feel I would be of benefit to the Fraternity once I am adjusted academically. In the fall my duties to the PRs would be reduced and I would be happy to accept the responsibility of pledging should the brothers send me an invitation.

Gentlemen:

As a freshman at Seton Hall University I felt quite honored to be asked to pledge for Phi Beta Sigma, Colony Chapter of Phi Kappa Theta.

I had hoped to pledge this semester but very recently certain personal problems have arisen and I regret that I will not be able to pledge this semester.

I would like to take this opportunity to thank the brothers of the fraternity for their consideration. I do feel that next fall circumstances will be more favorable toward my pledging and I will be able to assume the responsibilities of pledging.

Once again I thank the fraternity for their invitation and I hope that I will be able to become a pledge of Phi Beta Sigma.

Respectfully yours,

George T. Kennedy

Dear Sirs:

I regret to inform you, gentlemen, that at this time I find it impossible to pledge for you distinguished fraternity, Phi Beta Sigma. This is due to the fact that I have not maintained a 2.00 quality point average. I sincerely appreciate the consideration and attention that the Board has given to me. However, if the Board should be so disposed as to give me consideration next semester, I would be most grateful, and eager to do whatever is necessary to pledge. Again, I thank you for your time and patience which you displayed on my behalf.

Sincerely yours,

Dear Tom,

What do you mean by saying that we at Sports Illustrated are grossly incompetent if we deny "open bias"! Have you never heard of editorial judgement and choice or poetic licence or freedom of the press? A magazine has the right to choose who it thinks is the best or worst. So knock off the criticism of the rag I work for but keep the letters coming boosting Werkman and the Hall.

To be realistic from a personal viewpoint, the Hall, in de-emphasizing basketball, has taken on light opposition and doesn't warrant national attention. However, if it comes out of the season with a great won-lost record the spotlight can be turned on. And if Nick Werkman can be a Bevo Francis of New Mexico State of a few years ago he can have fame and fortune on his shoulders and carry the name of the Hall with him.

Tom, this is a personal letter and not official recognizance of your literary masterpiece to S.I. If the mag intends to use your letter it will notify you by some medium of communication.

Give my regards to the troops and have a Happy New Year!

Sincerely,

Daniel A. Rago

Subject: Chapter Facilities

The pledges and the Bros. (Bros. Bovino, Gasque, Fitzsimmons, Herbermann, Salady, & Stringari) spent the greater part of the week-end working on the lounge. The effort of the pledge-bro. work for the benefit of the FRATERNITY is a prime example of the pledge effort that is expected this semester.

The minor inconvenience of not having full facilities for a few days will result in the enjoyment of the finest facilities the chapter has ever seen.

Pledging is officially suspended beginning Tues. 5P.M. It will be resumed on Mon. at 8A.M.

5 Nov.

A suspension of pledging obligates the bros. to allow the pledges total free time. The only pledge rules effected will be the greeting of our members by the pledges. No personal pledging of any kind is to be afforded.

Anyone having any question whatsoever is to see bro. TK ~~██████████~~ for further definition.

This cooperation of the brotherhood allows Phi Beta to improve and progress to its fullest potential.

Dear Tom,

We are pleased to announce the appointment of John J. Gabarro as National Governor for your chapter for the coming year. Brother Gabarro has had excellent fraternity experience and is well qualified for his duties.

There are two basic purposes in our system of assigning a National Governor to each chapter of Phi Kappa Theta:

1. We hope that you will call on your Governor for help on any chapter problem that may arise.
2. Your National Governor is charged with the duty to see that your chapter gets the best possible service from the National Fraternity.

One thing we have learned over the years is that some National Governors hesitate to visit the chapter or to get involved in chapter affairs for fear that you will resent their presence. The only way we know of to get around this problem is for you to make it obvious to your National Governor that you want his help, by inviting him to the house and asking his opinion of specific problems. Having this type of experienced help available is one of the services of the National Fraternity, and we urge you to take advantage of it.

Dear Brothers,

At the Chicago meeting of the Board of Trustees in early September, Brother Edward J. Kirchner reported on expansion for the coming school year. President Grogan reported on developments at our colony at San Diego University and he requested approval for circulation of their petition. There being no objections, San Diego Colony was encouraged to proceed with their petition.

It is with great pleasure that I transmit to you their petition for chapter status. We are indeed fortunate to be able to contemplate the installation of another chapter in California. There has been a fine spirit of inter-chapter comity between the San Diego University group and our Loyola chapter.

I ask the cooperation of each chapter president to arrange to have the chapter vote on this petition as soon as possible and return the enclosed certificate in the postage-paid envelope to the National Office in Worcester. The constitution provides that you have 30 days in which to cast your vote. However, the sooner your votes are cast the more time will be available for arranging for an impressive installation.
