

Dear Friends,

We graduated from Seton Hall many decades ago, but have never forgotten the enlightenment and encouragement we received there. That is why we remain engaged and volunteer our time to help ensure that Seton Hall continues to grow and evolve, while maintaining the excellence it is known for. And that is why we are thrilled to be leading the charge of *For All, Forever: A Campaign for a Greater Seton Hall*.

For five years, we have been in the early stages of the campaign, and we are stunned by the level of support we have already seen from our fellow Pirates. The momentum has surged and gives us confidence that our community will unite in a show of unprecedented generosity that will carry us to our goal.

We are asking all of you to reflect on the skills, knowledge, experience and inspiration that Seton Hall has given thousands of students since 1856, and how they have gone forth to share their talents with the world. And then think of the students who are currently here studying, and the countless women and men who will arrive here far into the future.

Then, take action.

Show them that famous Pirate Pride in action by supporting *For All, Forever*. Your support will help us make a Seton Hall education accessible and affordable to students from all backgrounds. It will help us lift academic programming and the Seton Hall experience. It will help us fulfill the Catholic mission that has been our North Star for almost 170 years.

Please join us in showing your support *for all* — for the entire Seton Hall community: a worldwide network of alumni, partners and friends who recognize the value of an outstanding education rooted in the Catholic tradition. And, when you make your gift, please know that you are helping to ensure that the impact we make on the world will be sustained *forever*.

Sincerely,

Brian T Fitzpatrick
